#LetsSolveWater
TOGETHER... FOR YOU AND YOUR WORLD

Join a global organization, working on projects and initiatives that truly affect the betterment of the company and society. Xylem (XYL) is a leading global water technology company committed to developing innovative technology solutions to the world's water challenges. The Company's products and services move, treat, analyze, monitor and return water to the environment in public utility, industrial, residential and commercial building services settings. We are a Fortune 1000 company in more than 150 countries.

STUDENTS Visit xylem.com to learn about summer internships. By focusing on in-depth projects, interns gain the ability to showcase their work, and advance the possibility of joining Xylem after they graduate. Both technical and non-technical roles are offered.

EARLY CAREER DEVELOPMENT AT XYLEM Our multi-year, entry-level development programs attract and develop new employees, build a pipeline of early career leadership and enhance critical skill sets. Rotational assignments are offered in three critical areas: Engineering, Operations and Continuous Improvement.

EVERYDAY OPPORTUNITIES Grow with your global colleagues in our internal networking groups, at special events and work with teams that endorse creativity, collaboration and innovation to advance your career.

SUSTAINABILITY AT XYLEM We are minimizing our environmental footprint and partnering with suppliers, humanitarian organizations and leaders that share our values.
